DVD - the Harder They Come - Jimmy Cliff

ONE OF THE BEST FILM TO SEE ABOUT THE MUSIC AND HISTORY AND STRUGGLE SOME GO TROUGH TO MAKE IT . A must see film. Jamaican filmmaker Perry Henzell made reggae an integral player in his gritty 1973 saga of a renegade Kingston singer who becomes a modern Robin Hood, casting one of the style's earliest stars, Jimmy Cliff, in the lead, and filling this soundtrack--here presented in a remastered version--with classics from Toots & the Maytals ("Pressure Drop," "Sweet and Dandy"), Desmond Dekker ("Shanty Town"), the Melodians ("Rivers of Babylon"), and the Slickers ("Johnny Too Bad"). Cliff himself gets pole position, however, getting in the first ("You Can Get It If You Really Want") and last ("The Harder They Come") words in this first-rate reggae primer, which also features Cliff's enduring "Many Rivers to Cross.

SOUND TRACK FROM THE MOVIE

- DVD - Battle Of Adwa
The battle of Adwa of 1 March 1896 was a stunning victory for Ethiopia but a rout and a disaster for Italy. Adwa – the story of Africans seeing to their own freedom – played out against a background of almost unrelenting European expansion into Africa. The success of Ethiopia's forces assured that Ethiopia would be the only African country successfully to resist European colonization before 1914. It also resonated powerfully in post-Emancipation America where hierarchies of race and ethnicity were only beginning a process of challenge and renegotiation. Italian interest in East Africa dates from 1869, when the opening of the Suez Canal transformed the commercial and strategic significance of the Red Sea coast. An official Italian presence didn't begin until they established themselves at the Red Sea port of Massawa in 1885, after which the Italians began to move up into what are now the Eritrean highlands. Ethiopian commanders sought to halt the Italian advance, with some notable successes, but the Italians artfully played on rivalries among Ethiopian leaders. By 1890, the Italians had secured control over a significant territory west and south of Massawa; they announced the creation of the colony of Eritrea, with a capital at Asmara.

Ethiopia is home to one of the oldest Christian churches in the world, dating back to the early fourth century. The Ethiopian Orthodox Church used to be a part of Egypt's Coptic Church, but established its own patriarch in 1959. Today, nearly two thirds of the East African country's population is Christian, with most belonging to the Orthodox Church.

Now here does the spirituality of the church's followers echo louder than in Lalibela. The town is brimming with devotion; throughout the churches' compound, you'll find worshippers leaning against the structures, kissing the age-old rock walls, praying quietly or reading religious texts.

The most important thing the Nile provided to the Ancient Egyptians was fertile land. Most of Egypt is desert, but along the Nile River the soil is rich and good for growing crops. The three most important crops were wheat, flax, and papyrus. Wheat - Wheat was the main staple food of the Egyptians.

 A fascinating exposé of Florida's sugar cane industry guest worker program Winner of the Grand Jury prize at the Sundance Film Festival, H-2 WORKER reveals the systematic exploitation of Caribbean laborers by the Florida sugar industry from World War II through the 1990s. Each year more than 10,000 foreign workers were granted temporary guest worker ("H-2") visas to spend six brutal months cutting sugar cane near Lake Okeechobee. They were housed in overcrowded barracks, denied adequate treatment for frequent on-the-job injuries, and paid less than minimum wage. Faced with deportation and soaring unemployment in their home countries, workers had little recourse but to silently accept these deplorable conditions.
